GIVING CIRCLE

Unlock Big Change,
Together

UNLOCK BIG CHANGE, TOGETHER

Education is the most powerful tool for unleashing human potential. Yet, for millions of children worldwide, that opportunity remains out of reach.

Together, we can change that.

Theirworld has created a **Giving Circle** comprised of high-impact donors dedicated to ending the global education crisis. Members make a financial commitment of £10,000. Together, these donors enable **Theirworld** to develop, implement and deliver impactful programmes and initiatives which drive change and progress worldwide.

Giving Circle donors can allocate their financial support to one of Theirworld's three core programmes:

The best start in life focuses on birth and early childhood development

A safe place to learn provides education free from discrimination, violence or attack

Skills for the future gives young people the skills to participate in society, become financially independent and grow the global economy

Alternatively, donors may rely on **Theirworld's** experience and acumen to allocate their contributions to initiatives which promise the greatest returns for educating children and young adults globally.

Why donate through Theirworld's Giving Circle?

Proven impact

Your generosity funds tested programmes that transform education systems, empowers individuals and communities and underpin long-term, sustainable growth.

Exclusive community

You join a community of like-minded individuals committed to unlocking opportunity through education.

Measurable results

Your membership provides you with a unique lens on outcomes, allowing you to monitor the impact of your gift through regular updates, impact reports and opportunities to witness change in progress.

Get involved

Giving Circle contributions can be made through methods and vehicles tailored to the member. To learn more, please contact us at fundraising@theirworld.org.
